25th Annual Meeting

The Indian Eye Research Group (IERG) annual meeting is a major forum for cutting-edge eye research across the country and provides a platform for interaction between basic researchers and clinicians. The meeting will have special orations, invited talks, poster presentations and a quiz "iQUEST2018". Presentations in all areas of ophthalmic sciences, (basic and clinical), are welcome. In addition we will have special half day educational courses titled "BENCH TO BEDSIDE" on Regenerative Medicine, Genomics and Animal Model, Ocular Infections, Pharmacology and Drug Delivery, Vision Psychophysics, Service Delivery*.

Guidelines for preparation of abstracts Abstracts should be typed in 12 pt. Arial font, written in 250 words or less and structured into: a) Title in capital letters, b) Authors with presenting author underlined, c) Affiliations of all authors, d) Body of the abstract - divided into the following sub-headings: 1) Purpose, 2) Methods, 3) Results, 4) Conclusions.

After review of the number of abstracts received, selections for poster presentations will be made.

A few travel fellowships are available for young researchers/trainees wanting to attend the meeting. Those eligible to apply are research fellows (JRF, SRF, PDF), residents and fellows in ophthalmology. Applications may be sent on plain paper, along with the complete biodata and a copy of the abstract, to the address for communication overleaf. Travel fellowships will be announced during the meeting and the recipients will be reimbursed their travel expenses up to a maximum of ₹2500.

Please send your abstracts to the address overleaf.
