Paper / Invited Speaker Session / SIG Moderator Guidelines

Thank you for agreeing to be a Paper / Invited Speaker Session / SIG Moderator

The Moderator Onsite Monitoring Form is required documentation

- The Moderator Onsite Monitoring Form is available online at https://arvo.wufoo.com/forms/mlgcdwv0v6xl5q/.
- For moderators who cannot access the online form, a paper form has been provided in the front pocket of the Moderator Notebook at the lectern/head table. Completed session evaluation forms can be left in the back pocket of the Moderator Notebook or brought to Meeting Management in Room 336.

Your role as a paper / invited speaker session / SIG moderator includes:

Pre-Annual Meeting

1. Review the presentations in your session via the Annual Meeting’s Online Planner available from the Annual Meeting website during the week of March 13.

   - The primary purpose of presentations at the ARVO Annual Meeting is the presentation and discussion of research.

   - It is the responsibility of each Moderator to:
     - Review the abstracts/presentations to be presented in the session
     - Be prepared to ask one or two questions of each presenter
     - Engage the audience and each presenter in a discussion of the presentation
     - Complete the Moderator Onsite Monitoring Form to ensure quality assurance policies and other operational policies are being followed
     - Onsite monitoring includes, but is not limited to, assurance that:
       - Presenters verbally disclose all relevant commercial relationships for themselves and their spouse/partner before the presentation begins.
       - The content or format of the CME activity promotes improvements or quality in research/healthcare and not a specific proprietary business interest of a commercial interest
       - Presentations give a balanced view of therapeutic options
       - There is no promotion occurring inside or directly outside of the educational space

2. Contact your co-moderator, if applicable.
   Develop an introduction to open the session. This introduction should be a comprehensive one- or two-sentence statement addressing the subject matter of the session. Moderators will receive an email from arvoabstractions@arvo.org during the week of April 24 when confirmed Moderators have been added to the Online Planner and Mobile App for your reference.
3. Plan with your co-moderator in advance - who will perform the following:
   • Introduce the presenters
   • Operate the Speaker Timer. The timer can be set for the 10-minute presentation and then another 5 minutes for Q&A to help you enforce each presenter’s time limit.
   • Make brief announcements included in the Moderator Notebook at the start of the session.
   • Complete and submit the Moderator Onsite Monitoring Form.

At the Annual Meeting

1. Session moderator ribbon
   • Pick up a Moderator ribbon for your name badge at the Information Desk in ARVO Central in the Exhibit Hall. Moderator ribbons are also available from Meeting Management, Room 336.

2. Arrive early for your session
   • Arrive at least 10 minutes prior to the start of the session.
   • Review the Moderator Notebook (located at the lectern/head table) for announcements and any additional programming changes (withdrawals) that have been made.
   • Introduce yourself to the Room Monitor.
   • The Room Monitor or the in-room AV Tech can show you how to use the speaker timer.

3. Reminders to presenters
   • Introduce yourself to each presenter as he/she arrives and confirm that all have checked in at Speaker Ready Room 331 and have approved his/her uploaded presentation.
     o If a presenter has not reviewed and approved his/her uploaded presentation in Speaker Ready Room 331, refer them immediately to the Room Monitor.
     o Uploads will not be allowed in the session room from personal electronic devices. No exceptions.
   • Logistics
     • The lavaliere microphone should be placed directly below the chin so when presenters turn their head during their presentations, they will still be heard.
     • If they must use the podium microphone, they must speak closely into the mic to be heard.
     • The AV Tech will display the session disclosure slide while the presenter verbally discloses. The presentation slides will be shown after the verbal disclosure takes place.
     • Remind presenters to leave the laser pointer on the lectern at the conclusion of their presentation.
   • Content
     • Presenters must reveal the essential structure (DNA sequence, molecules, etc.), the elements of a novel compound, or sufficient identification of new gene compounds as part of their presentation.
     • All questions from the floor should be repeated before discussion begins.
   • Timing
     • Paper presenters may not exceed their time limit of 15-minutes; 10 minutes for presentation, 5 minutes for Q&A.
     • Symposia/workshop presentation times vary. Please refer to the Moderator Notebook.
     • The total of all SIG presentations may not exceed 35 minutes of the session.

4. Report any problems to the room monitor
   • Each session will have a Room Monitor. The Room Monitor will assist Moderators by resolving any issues during the session and reporting directly to Meeting Management.
Inform the Room Monitor of any problems in a timely manner. The sooner Meeting Management is aware of a problem, the sooner it can be addressed and resolved. The Meeting Management Office is located in Room 336; arvoabstracts@arvo.org.

5. Start the session & announcements

- A Session Disclosure Slide listing commercial relationships for all moderators and presenters will be displayed repeatedly by the in-room AV Tech during the moderator’s introduction of each presenter.
  - If the Session Disclosure Slide is not displayed during a presenter’s introduction, the moderator must ask the AV Tech to display the slide before the presentation can begin.

- Moderator will make general announcements.
  - See Announcements script on page 4 and in the onsite Moderator Notebook
    - Moderator’s own Commercial Relationship Disclosures
      - Each Moderator must make full disclosure of his/her own commercial relationships related to the session topic to all audience members prior to the beginning of the session.

    - Ask the audience to use the floor microphones when asking questions.
    - For each Paper Presentation: There is a time limit of 15-minutes for each Paper presentation; 10 minutes for presentation and 5 minutes for Q&A.

- The AV Tech will display the Session Disclosure Slide while the Moderator is introducing the presenter and the presenter is orally stating his/her disclosures.

- After the Session Disclosure Slide has been displayed and presenter disclosures have been orally stated, control of the Presenter’s slide display will be transferred to the Presenter to begin their presentation.

6. Start and end each presentation on time

- Start and end each individual presentation as scheduled.
  - Start the speaker timer at the beginning of each presentation.
  - After a presenter’s disclosure is made at the beginning of their presentation, if you are aware of a lack of full disclosure related to their presentation topic, be prepared to ask for this information prior to the start of their presentation.
    - If a member of the audience requests full disclosure from a presenter, you must require the audience member to also provide their own disclosure of any commercial relationships they have in relation to the topic of the session and/or presentation.

- Keep each Paper presenter within their 15 minute time allocation of a 10-minute presentation and 5-minute discussion period.
  (Symposia/workshop presentation times may vary; the total of all SIG presentations may not exceed 35 minutes of the session)
  - Give the presenter a 2-minute warning to wrap up their 10-minute presentation and begin Q&A.
  - Give the presenter a 2-minute warning to conclude their presentation/discussion after 15 minutes.

- At the 15-minute time limit:
  - The Moderator should stand next to the presenter, thank him/her, and announce the next presenter.
  - The announcement could be as follows: “Thank you. We are at the end of the allotted 15 minutes; there is no time for questions. The next presenter is…”
• If an abstract presentation and its Q/A period end early:
  o The moderator must initiate additional discussion or pause the session and wait until the scheduled start time for the next talk.
  o You cannot go on to the next paper session until its scheduled start time.

• If a paper has been withdrawn:

• The session must end at its scheduled time.

  • The First Author will be disqualified from submitting an abstract for the 2018 Annual Meeting as First Author.
  o Again, you must hold a discussion during the 15 minutes allotted.
