

Humorous Poster Session – Pilot Program

Description

ARVO is launching a pilot poster session at the upcoming meeting in Hawaii. Humorous Posters are a way to promote science to the public in a relaxed and humorous manner. The posters should capture a snapshot of your work, research, or experiment in a funny or unusual way. Was there a crazy hypothesis you had? A humorous experiment gone wrong? Or maybe you just want to find a way to make light of the fact that something you tried was way too difficult. Remember to keep it appropriate for display in a professional setting.

Guidelines & Procedures

- **If you wish to display a humorous poster, you must be an ARVO [Member](#) and [register](#) for the Annual Meeting.**
- The Poster should be prepared with pictures, cartoons, and/or funny figures.
- Content cannot be offensive or humiliating in nature.
- Content cannot infringe on copyright or be illegal in any aspect.
- Humorous posters will be displayed together in a section of the Exhibit Hall. Display space will be limited, so those who are interested should fill out the form linked below.
- The poster must include the author's contact information, making it easy for a conference attendee to contact the author of the poster.

Please note that these Posters are not part of a scientific session and will not be published in IOVS.

Please complete this [form](#) if you intend to display a Humorous Poster in Hawaii.
