

## Collaborative Research Fellowships

The Collaborative Research Fellowship is intended to promote international scientific interactions and innovative research. This fellowship pairs researchers from developing countries with established scientists to strengthen ophthalmic research capacities. It supports a one-year project, which can include additional training in specialty equipment or research methodologies. The fellowship was established in 2009 and is funded through the ARVO Foundation.

### Past Recipients

2009	Ruojin Ren, PhD Afsun Sahin, MD	China Turkey
2010	Karina Mazzitello, MD Gustavo Melo, MD	Argentina Brazil
2011	Anna Enzsoly, MD Delu Song, MD	Hungary China
2012	Soumyava Basu, MS Paula Schaiquevich, PhD	India Argentina
2013	Geeta K. Vemuganti, DNB, FAMS, MD Shi-Jun Weng, PhD	India China
2014	Lana D. L. Datuashvili, MD Tapas R. Padhi, MS	Georgia India
2015	Damian Dorfman, MD Robert G. Tripon, MD	Argentina Romania
2016	Georgi Georgiev, PhD Nallely Ramos Betancourt	Bulgaria Mexico
2017	Emiliano Terán-Bobadilla, PhD Magali Ridano, PhD	Mexico Argentina
